FEVER SITUATION SHOWS NO CHANGE

Country Towns Suffering More Than New Orleans.

NEW CASES AND 2 DEATHS

Despite the Presence of Yellow Jack, the Postal Receipts in Crescent City Show Increase—Four Cases of the Fever Reported at Hamburg, Miss.

New Orleans, Sept. 14.—Up to noon today there were 14 new cases of yellow fever and two deaths reported.

New Orleans, Sept. 14.—In spite of a forecast of showers the weather here today was clear and sunny. The fever situation showed little change with no prospect from the over-night reports of any material increase in the list of deaths.

A meeting of the new public health association is to be held on Friday evening. Invitations have been sent to all organized bodies in the city, including the trades and labor council, to send representatives. The object of the promoters of the organization is to give it the widest possible scope with a view to enlarging its influence for good.

In spite of the fever, the government report of postoffice receipts here shows an increase of several thousands for August over the same month last year. Advices today say that three cases at Hamburg, Miss., have been officially announced to be yellow fever.

Aid Sent Different Towns.

Advices to the state board of health are that Drs. Chas. A. Anderson, Bass and Von Esdorf, and a half dozen trained nurses, are now on the ground at Tallulah and an immediate improvement in conditions are expected there. Dr. Von Esdorf, reported to President Souther that he would remain for several days to organize the work of sanitation beginning with General fumigation and oiling today. He said that about every square in the town is infected. The better news as a rule, comes from the country although it is occasionally mixed with information of panicky conditions in some of the non-infected points. As an instance, Christie and Lowe, government contractors, have a brush camp on the river in Tensas parish and some of their laborers are ill with malaria and other diseases. The firm wired the health officer of Tensas asking permission to send a physician and medical supplies. The answer was a prompt refusal with a suggestion that the sick people be carried to New Orleans. On the other hand there are additional reports of modified quarantines, Hazelhurst, Miss., for instance, has removed all restrictions against freight from here.

Governor Blanchard at the request of the commercial community of the state capital, has asked the assistance of Dr. White in arranging for the disinfection of freight at Baton Rouge so that it may be sent the surrounding country, and it is believed that with Baton Rouge exerting herself, there will be further opening up of traffic out of here.

How rapidly the fever infection can be spread is indicated by a report from Dr. Richard in the Barataria country. On Aug. 31 an oil boat from the infected district in New Orleans reached the bayou with 15 passengers which it distributed at different points. Seven of the fifteen developed yellow fever. Dr. Richard says he can handle and stamp out the fever on the Bayou if all further intercourse is prevented.

Four Cases at Hamburg, Miss. Jackson, Miss., Sept. 14.—Dr. S. R. Harrison, of Fayette, reported to state board of health authorities this morning that there were four cases of yellow fever at Hamburg in Franklin county. The infection has not been traced as yet.

Heavy Frost in Wisconsin. Appleton, Sept. 14.—Heavy frost tonight has checked fear as to the possibility of yellow fever infection in Wisconsin.

who contracted the fever in the south is recovering.

SELF-CONFESSED MURDERER.

Commits Suicide—Innocent Man Was Hanged for Crime.

Minot, N. D., Sept. 14.—The body of Charles Herzig, who left a written confession that he was guilty of a murder committed near Youngstown, O., more than thirty years ago, has been found by a posse of searchers hanging to a tree in a secluded ravine just over the line in the unorganized county of Wallace.

Pinned to his coat was a piece of wrapping paper on which was written the following:

"My name is Charles Herzig. Over thirty years ago I murdered a young girl named Lizzie E. Grombacher, near Youngstown, O. Charles Sterling, an innocent man, was tried, convicted and hanged for the murder of this girl. If my body is ever found, notify my mother, Catherine Herzig, at Girard, Ohio."

If Herzig had not left a written confession and threat of suicide his body might not have been found for years, as it was hanging in a spot seldom visited. Around his neck was a shred of green material, such as women use for face veils. It was recalled by a former Youngstown man here that Lizzie Grombacher wore such a veil when murdered, and that part of it was used to strangle her. The piece found about Herzig's neck is supposed to be the remainder of the veil, as he had showed such a piece to a fellow ranchman that he had kept it all these years so as to use it to end his own life some day.

MAY ABANDON THE SUBWAYS.

Officials Claim They Are Causing the Streets and Buildings to Settle.

Chicago, Sept. 14.—The subways of the Illinois Tunnel company was found to be the cause of the settling of the streets and several large buildings in the downtown district. This conclusion is set forth by the city's civil engineer in a supplemental report made yesterday. The engineer says in four instances of settlement, directly traceable to the undermining of the streets by the tunnel company and declare that it is impossible to prevent a settlement of the ground and foundations of the large structures even with improved and safer methods.

The next important finding of the commission is that it is not feasible to make any plan that can be safely followed for all connections.

Another finding is that it is not practicable to make connections under air pressure, as it would not be sufficient to sustain the pressure of the foundations. It is found that because of the danger to the buildings and streets the tunnel company practically has ceased making connections and many of the connections which were started have been abandoned.

No damage was found as a result of work on the main line tunnels.

To Organize Independent Phones.

Pittsburg, Sept. 14.—Much interest has been aroused here over the visit to Pittsburg of a group of Western financial men said to be concerned in the organization of a general independent telephone system covering all the territory now reached by the numerous independent companies. Among the visitors are Adolphus Busch, St. Louis; Breckinridge Jones, vice president of the Mississippi Valley Trust company, St. Louis; W. D. Powers, president of the United States Trust company, of Louisville, Ky.; and Joseph J. Helm, of Kansas City. The party spent the day inspecting the local independent lines. This evening they leave for Cleveland, O.

Receiver Wanted for Railroad.

Chattanooga, Tenn., Sept. 14.—The McGee Cotton company, of Rome, Ga., this morning filed a petition in the chancery court in this city asking that the Chattanooga Southern railroad, beginning here and terminating at Gadsden, Ala., be put in the hands of a receiver. The bill alleges that there are rumors of a sale of the railroad company's assets. The complainant is a holder of several of the Chattanooga Southern's reorganization bonds.

BARON KOMURA IS SICK WITH FEVER

Three Physicians Have Pronounced it Typhoid.

HIS DEPARTURE IS DELAYED

Japanese Envoy and Party Had Prepared to Start Homeward Friday—Patient's Temperature Is 102 Degrees—His Condition Not Serious.

New York, Sept. 14.—Three physicians who are attending Baron Komura, the chief of the Japanese peace envoys, decide today that the baron has typhoid fever. His intended return trip to Japan via Seattle tomorrow has been postponed and nurses were hastily summoned to his apartments in the Waldorf-Astoria hotel today. The baron's temperature was 102 degrees today and he was said to be very ill though only in the first stages of the fever. The decision as to his illness was reached after a consultation of Drs. Francis P. Delafield, George Brewer and W. B. Pritchard.

One of Baron Komura's physicians, Dr. W. B. Pritchard, announced later that he disagreed with the diagnosis that the Japanese statesman was suffering from typhoid fever. The typhoid diagnosis, he said, was made by Dr. Delafield, who was especially summoned here from Virginia today to give an opinion in the case. Dr. Pritchard's own diagnosis is as follows:

"My original opinion was that the baron was suffering from an inflamed gall bladder and I still hold to that opinion. There is nothing serious in the baron's condition now or at any rate this morning."

When Dr. Delafield was shown this statement he still held to the typhoid theory, but refused to discuss the case further.

PEACE BRINGS HAPPINESS.

To Chinese in Manchuria Where the Bloody War Has Been Waged.

Lidsianrudtze, Manchuria, Sept. 14.—Whatever may be the feelings of the Russian or Japanese soldiers regarding the conclusion of peace, one man welcomes it unreservedly and with beaming smiles.

This is the Chinaman on whose land the war has been fought for nearly 18 months. Today the roads around here are filled with happy, smiling Chinese men and women, old and young, who, in clumsy carts, loaded with their household goods, are proceeding in long lines back to their old homes.

The Chinese greet the Russian soldiers with the one word "Peace," which is repeated over and over again.

Many of their homes have been devastated, but notwithstanding this they express their joy at getting back to peaceful and industrious occupations. Furthermore, the name of neutrality to each side which the Chinese have been obliged to play for so many long months, has been a hard one and peace has brought relief from this strain. It is no exaggeration to say that the Chinese are now the happiest people in Manchuria. It is reported here that the Japanese have disbanded the Chinese bandit organizations with which they operated during the war.

Claims Wife Abused Him.

Columbus, Ga., Sept. 14.—After having been married thirty-five years W. P. Perdue asks for a divorce from his wife, Mrs. Amelia Perdue. He alleges cruel and inhuman conduct on the part of the wife, declaring that she was jealous, nagging against him, involving his morality, which were untrue and a source of great mortification to him, and on one occasion, in the presence of others, struck him several times about the face and head.

Ammunition Found in Warsaw.

Warsaw, Russian Poland, Sept. 14.—M. Kowalczyk, an astronomer and an official of the government observatory here, has been arrested with his entire family, because of the discovery by the police of a store of revolvers, ammunition and daggers in M. Kowalczyk's house.

DUAL LIFE IS EXPOSED.

Man Had Two Wives and Stayed Alternately Days with Each.

Chicago, Sept. 14.—Confronted by his two wives, Stanley Soblesik was held to the criminal court yesterday by Justice Sevenson, on a charge of bigamy. He admitted that he had married each of the women in church and had been living with them on alternate days for the last year.

Mrs. Soblesik, the first, was married to him eleven years ago. She is the mother of five children, four of whom are girls. The second wife was married to Soblesik a year ago. Neither of the wives seems to harbor any ill-feeling against her husband and the two women chatted pleasantly with each other as they sat in court.

The two babies which they held on their laps looked so much alike that several of the persons in the courtroom thought they were twins.

When the hearing was finished Soblesik called each of his wives to him and made both promise to visit him in the jail and bring the babies.

Soblesik is a blacksmith and earns \$12.50 a week. One evening he would spend with his wife on Pauline street, and on the next he would visit his second wife, on West Fifteenth street. To each wife he said he was paid extra by his employer to act as watchman every other night.

PRESIDENT DINES RUSSIANS.

M. Witte and Colleagues Extend Their Thanks to Whole Nation.

Oyster Bay, L. I., Sept. 14.—Baron Rosen, the American ambassador, and associate of M. Witte, as Russian peace plenipotentiary at the Portsmouth conference, was a guest today of the president and Mrs. Roosevelt at luncheon.

The engagement was made on the request of Ambassador Rosen, but the nature of his mission here was not disclosed. On the eve of his departure from America M. Witte, the Russian peace plenipotentiary, extended to President Roosevelt, by telegram, his heart-felt thanks for the cordial welcome and the "uniform courtesy" given to the envoys by the American government and people. The text of M. Witte's message to the president follows:

"New York, Sept. 12, 1905.—President Roosevelt: Before leaving the hospitable soil of the United States, I beg, in my own name and on behalf of my fellow workers, to offer by heart-felt thanks to you, Mr. President, to the government of the United States and the whole American nation for the cordial welcome given to us on our arrival—and the uniform courtesy shown us during our sojourn here, the memory of which will live in our hearts forever. (Signed) Witte."

WRECKED SHIP IDENTIFIED.

She Was the Schooner Pearl and Had Left Port a Year Ago.

San Francisco, Sept. 14.—The three-masted vessel which is reported bottomed up in the beach of the Alaskan coast is believed to be the schooner Pearl, which sailed from here Dec. 7, 1904, and from which no word has ever been received.

The identifying of one of the bodies which came ashore as the wreck of the George Myerling, who shipped on the vessel as station cook, satisfied the Alaska Cod Fish company, which owned the vessel, that it is no other than the schooner Pearl.

Advices from Seattle stated that the vessel came ashore at Yakutat, but it was probably meant for Yakutat bay in southeastern Alaska. It was also stated that a bill of goods made out in the name of the schooner Prosper had met misfortune. This, however, cannot be, as the three-masted Prosper, operated by the Alaska Packers' association, is now laid up in Oakland creek. If it is the Pearl, 34 men were drowned.

Inquest Over Murdered Woman.

Chicago, Sept. 14.—The inquest over the body of Mrs. Faania Shea, who was murdered several weeks ago at Fifty-eighth street and Washington avenue, was held yesterday, and the jury returned a verdict that the murder was committed by some person "unknown to the jury." Mrs. Shea was the only witness to the murder, who was not present at the inquest.

CAR OVERTURNS; SIXTY ARE INJURED

Trailer Attached to a Traction Car Leaves the Tracks.

THE BRAKES FAILED TO WORK

The Trailer Was Crowded to Its Full Capacity When Accident Occurred—Among those Injured Nine Are Seriously Hurt.

Pittsburg, Pa., Sept. 14.—Passengers were injured, and a traction car on the Pittsburgh Railway company near the Glenwood station, overturned by the overturning of a trailer attached to a traction car on the same division of the Pittsburgh Railway company near the Glenwood station.

The most seriously hurt were J. R. Smith, J. A. Evans, Thomas Lowe, John J. Ottenburger, Andrew Werner, all of Pittsburg.

The accident was caused by the failure of the brakes to work properly. The car descended a grade and the car and trailer were unable to their fullest capacity.

PRESIDENT URGED HASTE.

Talks to Canal Engineers and Warns Them to Get Busy.

Washington, Sept. 14.—In the occasion of the recent visit of the members of the board of consulting engineers of the isthmian canal commission to Oyster Bay the president addressed to them a few remarks which will be printed shortly and presented to the different members.

After bidding them welcome he urged them to use all the speed they could safely make in coming to a conclusion as to the best plan for digging the canal so that he might have ample time for studying the report before sending it to congress. He did not express himself in favor of either a lock canal or a sea level and refrained from any technical observations, but urged the members to state their opinion as to the slightest hesitation, and to send him reports, not as he should like to get them, but as he ought to get them. The members of the board have nearly all returned to Washington and it has not yet been decided when the next meeting will be held. They will for some more days occupy themselves studying the different plans and data with which they have been provided.

STATE BOARD OF HEALTH ACTS

People from Infected Districts Must Steer Clear of Atlanta.

Atlanta, Sept. 14.—The state board of health has issued two orders directed to the railroads entering the state. The first of these orders directs that all railroads and steamboat companies operating in the state shall notify their agents and connecting lines not to sell railroad tickets to any point in Georgia to any person from territory infected with yellow fever.

The second order directs that all railroads entering the state shall provide separate coaches for their through passengers from points infected with yellow fever, and that these coaches must not enter Atlanta, but must be sent around the city by the Belt line.

Both of these orders have been sent to all the railroads operating in the state of Georgia.

Hidden Gold Disappears.

Charlotte, N. C., Sept. 14.—A gold pot containing \$50,000 in gold coins, the newest of which was 115 years old, was found on the farm of James Edwards, near Chesterfield, S. C., by Ted Teal, a white laborer, and Will Edwards, a negro, while engaged with him in digging a ditch. The pot was carried to a point 2 miles away and buried near a creek bank. When, six days later the finders went after the pot it had mysteriously disappeared. The negro charges the white man with having appropriated the money and hidden it from him, while Teal declares the story is all a joke and no pot was unearthed. Edwards sticks to his story and has produced proof of its genuineness.

ILLICIT DISTILLERY IN HANDS OF LAW

Officers Made Successful Raid Near
Mikeville, Columbia County.

THE DISTILLER AN OLD HAND

It is Alleged That He Has Been Making and Selling Liquor for Many Years, and That Still Was Reported Because It Became a Nuisance.

Revenue Officer Wright of the United States Government, Deputy United States Marshal Bureau of Jacksonville, and Deputy Sheriff James R. Granger of this city, Wednesday night succeeded in raiding an illicit still alleged to belong to Abraham Shephard, a colored man, near Mikeville, Columbia county.

It is said that this still has been in operation for several years and that Shephard, the proprietor, has made himself financially almost independent from the sale of its productions. He worked the scheme in a clever way, and as far as being convicted of the sale of whiskey, it is said, there was no possibility. It was the old unwritten understanding that a fellow was to leave his jug and money in a certain place and when he returned an hour later he would find his money gone but his purpose accomplished, for the jug would be filled with that invigorating beverage known as corn liquor, "direct from manufacturer to consumer." It is said that the distillery got to become a nuisance in that section and was finally reported with the result mentioned.

Shephard was brought to this city and placed in prison and will be taken to Jacksonville this morning, where he will be arraigned before the United States Commissioner.

TRASH BEING MOVED.

Few People Realize the Magnitude of Sanitary Work Already Done.

Few people realize the magnitude of the sanitary work which has been done in this city within the past two months. Notwithstanding the fact that a great deal of trash and garbage has been moved, there does not appear to have been any great difference and many have criticized the authorities for inactivity in the matter.

In speaking with a member of the sanitary committee of the City Council in this matter Wednesday he said: "We are working under an inadequate fund, but notwithstanding this not less than two thousand loads of trash and garbage have been removed within the past two months and the work is still going on. If the people would cooperate with the city and the sanitary committee as they should by keeping their premises clean and the rank and unsightly weeds out about their places the city would soon present a much more attractive appearance."

"As far as I can learn," continued this committeeman, "the people do not cooperate with the sanitary committee. They fill up barrels with old swill and grass and other things, place it under their own windows and then complain about the unsanitary condition of the places surrounding them. This is a matter in which we should all be interested and unless every person works in unison and assists the sanitary department by placing the trash on the street, where it can be hauled away, there is going to be continuous trouble."

JUSTICE COLMAN'S COURT.

Man Arraigned for Larceny of a Hog Was Acquitted by Jury.

Justice Colman's court was the scene of an interesting case Tuesday afternoon, when Benjamin Wilson, colored, was arraigned upon the charge of the larceny of a hog from Wade Thomas, a farmer of Montecoho.

The case was as amusing as it was serious, and several times during the hearing the court was provoked to laughter. It was a jury case, and the verdict was in favor of the defendant. L. B. Bailey was foreman of the jury. Attorney J. M. Rivers appeared for the prosecution, while Attorney O. C. Thomas represented the defense.

OPERATIONS AVOIDED

Two Grateful Letters from Women Who Avoided Serious Operations.—Many Women Suffering from Like Conditions Will Be Interested.

When a physician tells a woman, suffering from ovarian or womb trouble, that an operation is necessary it, of course, frightens her.

The very thought of the operating table and the knife strikes terror to her heart. As one woman expressed it, when told by her physician that she must undergo an operation, she felt that her death knell had sounded.

Our hospitals are full of women who are there for ovarian or womb operations.

It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed, because a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after the doctors had said an operation must be performed. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

The strongest and most grateful statements possible to make come from women who, among Lydia E. Pinkham's Vegetable Compound, have escaped serious operations.

Margrite Ryan, Treasurer of St. Andrew's Society, Indianapolis, Ind., writes of her cure as follows:

Dear Mrs. Pinkham:—I cannot find words to express my thanks for the good Lydia E. Pinkham's Vegetable Compound did me. The doctor said I could not get well unless I had an operation for ovarian and female troubles. I knew I could not stand the strain of an operation and made up my mind I would be an invalid for life.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

Sheriff Prevented Lynching.

Winchester, Ky., Sept. 14.—Prompt action by Sheriff McCord probably saved Sam Hiale from lynching here today. Hiale who had been held at Lexington since his arrest on a charge of assaulting Mrs. Mary Case, was brought here during the night for examination to-day. When news of his coming was received, a mob quickly formed and surrounded the jail. After arming his deputies and leaving them in charge of the prisoner, who was shrieking for mercy, Sheriff McCord walked alone and unarmed into the midst of the mob and told them plainly that his men were armed and would shoot and that they should let the law take its course.

Men Mangled by Train.

Lithonia, Ga., Sept. 14.—The Covington accommodation struck and instantly killed Bob Lawson this morning just below the Lithonia depot. Just how the accident happened is not as yet known, but it seems that he was walking on the track just about a curve in the road and before the train could be stopped he was struck and run over and dragged along the track. His body was cut almost in two and other wise mangled. The train crew brought the body to the depot where it was turned over to his people. He leaves three children.

Fishing Boat Confiscated.

Cleveland, O., Sept. 14.—Captain Thomas Post, of the fishing tug Bertha M. Cockrell, owned by the A. Booth & Co., arrived here today from Port Dover, Ont., and made an official report regarding confiscation of the boat by the Canadian cruiser Vigilant yesterday on the charge of poaching. The tug carried a crew of six men. The tug is valued at about \$7,000. She had on board 5,000 pounds of herring and 100 nets. The members of the crew were released and the tug turned over to the Canadian custom authorities.

Indulgent.

"Katherine, you will always find me an indulgent husband."
"Do you mean indulgent to me or indulgent to yourself?"

Discussing the merits of a man's opponents gives him a decided ascendancy over them.—Goethe.

Hearing how Lydia E. Pinkham's Vegetable Compound had saved other women from serious operations I decided to try it, and in less than four months I was entirely cured; and words fail to express my thankfulness."

Miss Margret Merkley of 275 3d Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:—Loss of strength, extreme nervousness, severe shooting pains through the pelvic organs, cramps, bearing down pains, and an irritable disposition compelled me to seek medical advice. The doctor, after making an examination, said that I had ovarian trouble and ulceration, and advised an operation as my only hope. To this I strongly objected—and I decided as a last resort to try Lydia E. Pinkham's Vegetable Compound.

"To my surprise the ulceration healed, all the bad symptoms disappeared, and I am once more strong, vigorous and well; and I cannot express my thanks for what it has done for me."

Ovarian and womb troubles are steadily on the increase among women—and before submitting to an operation every woman should try Lydia E. Pinkham's Vegetable Compound, and write Mrs. Pinkham at Lynn, Mass. for advice.

For thirty years Lydia E. Pinkham's Vegetable Compound has been curing the worst forms of female complaints, all ovarian troubles, inflammation, ulceration, falling and displacement of the womb, leucorrhœa, irregularities, indigestion and nervous prostration. Any woman who could read the many grateful letters on file in Mrs. Pinkham's office would be convinced of the efficiency of her advice and Lydia E. Pinkham's Vegetable Compound.

An Unfair Fling.

Mrs. Wickwire—If woman were given the credit she deserves, I don't think man would be quite so prominent in the world's history. Mr. Wickwire—I expect you are right. If she could get all the credit she wanted, he'd be in the poorhouse.

A Funny Will.

Comforting Friend—Has your husband made his will? Prospective Widow—Yes, the wretch. He's left everything to the doctor if he cures 'im, and not a blessed farthing to his widder an' orphans.

Painless Sometimes.

Sufferer—Do you extract teeth without pain? Dentist—Not always. I sprained my wrist on one a couple of days ago and it hurts yet.

NOTICE OF APPLICATION FOR PARDON.

Notice is hereby given that after the publication of this notice for a period of ten days, Sam Shepard, lately convicted at the spring term, 1905, of Circuit Court of Alachua county, Florida, upon a charge of assault with intent to murder, will apply to the State Board of Pardon for a pardon.

necessary for his success, and has re-
cently made a tour of Alachua, Co-
lombia and Hamilton counties—at
least those portions which produce Sea
Island cotton.

In speaking of the condition of the
crop from his observation and experi-
ence, Mr. Godwin states that the dam-
age from rain and other adverse con-
ditions will be about 33 per cent.
There has been lots of cotton ginned
this season," he remarked, "but it is
borne in mind that the crop this
year was early, opened fast, and a
great deal has been gathered. That is
indication, however, that we are to
have a prosperous season.

"I have been told that Rives & Son,
who operate a ginney at Alachua,
ginned out about forty bales by Sep-
tember 1, but since that time they have
been comparatively idle. There are
several reasons why this should be the
case. In the first place, the crop is
early; in the second place, the rust
and caterpillars have played havoc;
and in the third place, it is difficult to
secure pickers for the crop that is in
the field."

Fancy cotton, Mr. Godwin says, is
difficult to market; the Savannah bro-
kers and buyers will not pay over 19
cents, and it is hard to sell at all. The
quotations have been steady since De-
cember of last year and there seems to
be few takers of fancy cotton. The
extra choice, which is a second grade,
is being sold readily at 17½¢ in Savan-
nah, which means about 15½¢ net here.
The planters can do much better
from a financial standpoint by selling
their cotton to local buyers, who are
paying for extra choice the same price
as Savannah parties and the freight is
saved.

Mr. Godwin believes that the season
will be very short this year as the crop
was planted early and will be harvested
proportionately early. Every condition
has been against the crop, which will
naturally make the yield short.

GOT A GOOD MAN.

Expert From Baltimore Estate Has Ac-
cepted Position at Spring Park.

The Spring Park Stock Farm Com-
pany of which N. A. Callison is man-
ager has determined to give the farm
the attention it deserves, and has se-
cured the services of T. H. Water-
worth for the past six years connected
with the Baltimore Farms, Baltimore, N.
C. as a specialist, and who is regarded
as one of the best in the United States
in his line.

Mr. Waterworth is a native of
England but has been in this country
for many years. He has devoted his
life to the care and study of cattle and
is well known in his profession, which
means that he is thoroughly compe-
tent. At Baltimore a few weeks
ago Mr. Callison was impressed
with Waterworth's stock, and
immediately made arrangements for
him to come to Spring Park Farm
where he has a contract with Bilt-
more estate.

A Novel Affair.

The camp, Woodmen of the
World gave a pullan last night which
was attended by members of the
order and it was needless to add was
greatly enjoyed. The pullan was pre-
pared in a most appetizing manner
and those who had the good fortune to
"sample" it declare that nothing bet-
ter of the kind ever happened.

The Woodmen are a jolly set, and
their entertainments, while not so fre-
quent as others, are always appreciated
and enjoyed.

THE YELLOW FEVER.

Pensacola Gaining on Disease and New
Orleans Also Improving.

Pensacola, September 14.—H. B.
Brooks, a Park Hotel guest, died this
morning of the fever. There has been
no new cases since Tuesday. Thirty-
seven cases have been treated since
the outbreak, with seven deaths. The
mosquito theory has been adopted and
they will be annihilated.

At New Orleans.

New Orleans, September 14.—From
6 p. m. yesterday up to noon today
there were twelve new cases and one
death. There were forty-three new
cases and four deaths yesterday. Total
cases to date, 2,425; total deaths, 324.
The situation in the surrounding coun-
try is improved. An Italian crazed
with fear killed himself.

Anticipated Improvements.

Among the anticipated improve-
ments which will be realized in a short
time is the extension of the building
at the corner of East Main street, S.,
and East Union street, owned by Jas.
P. Bauknight, and for the past year or
more occupied by Pournell & Sons.

The Sun stated in its issue of
Wednesday that the store of Pournell
& Son was being condensed, not in
space but in area, and that a partition
was being run which would give the
firm the same space, but would reduce
the store room almost half.

Mr. Bauknight has decided to add a
few feet to the rear of the building,
and will make two more stores, about
18x30, in the rear of Pournell & Son's,
facing on East Union street. This will
prove a capital idea, and no doubt the
stores will be in ready demand.

North Gainesville Affair.

The young people of North Gaines-
ville, always full of energy and gaily,
gave an entertainment at the North
Gainesville Hall Wednesday evening,
the nature of which was literary.

The young folks presented several
dialogues, recitations, etc., which were
very much enjoyed by the large audi-
ence present, which afterwards voted
them thanks for the evening's pleas-
ure.

Official Advice from Disaster.

Washington, Sept. 14.—The bureau
of naval intelligence has received ad-
vice by cable from the American na-
val attaché at Tokio to the effect that
the loss in killed and missing on the
battleship Mikasa was 256. The wound-
ed numbered 343. The cause of the
accident cannot be ascertained until
the Mikasa is floated. Admiral Togo
was not on board at the time of the
disaster.

Highwayman Recaptured.

Birmingham, Ala., Sept. 14.—J. F.
Latham, a Jefferson county high-
wayman, who recently escaped from the
state prison at Sanford, was captured
at Union Springs, Ala., and brought
to this city. Latham had sentenced
to serve aggregating 134 years. He
was caught by quarantine officers
while attempting to run the lines at
Union Springs.

WAYS OF THE PERSIAN.

The Queer Houses and the Water
Supply of Yezd.

Persia is mostly desert, but desert in
Persia is of many kinds. The ordi-
nary desert is good soil and where it
can be watered is extremely fertile.
Generally it has a hard but rather
gravelly surface. The oases are not
really very different in character from
the desert, however, according to the
Rev. Napier Mahomed, in his book "Five
Years in a Persian Town." Water
is brought from the mountains in a
most curious manner. It is found
near the hills at depths varying
from sixty to a hundred yards be-
low the surface. "From the hills to
the center of the plain," says Mr.
Mahomed, "there is a considerable
though very gradual declivity, so when
the original shaft has been sunk and
water found, perhaps at 300 feet be-
low the surface, a long line of similar
shafts is sunk toward the center of
the plain at distances varying from
twenty to forty yards, the line some-
times stretching for more than forty
miles until a point of desert has been
reached that lies as deep down as the
original water level. Then all the
shafts are connected at the bottom by
burrows just big enough to afford
passage to a man; the water is let in
and appears in an open ditch in the
center of the desert."

Houses that are not very new are al-
ways more or less tumble down, but no
man wants his house to last forever.
"Nobody can realize the damage that
can be done in a town like Yezd by a
really wet day," says the same
writer. "Some while ago we had
twenty-four hours of rain, which de-
stroyed, I believe, about a couple of
hundred roofs and, what is worse,
caused the older aqueduct pits to fall
in, blocking the water supply in some
parts of the town for three months.
Is there any other town in the world
where a little extra rain causes a three
months' drought? There is a story in
Teheran about a Dutch ambassador
who was so afraid of the roof falling
that in wet weather he invariably slept
under the table. However, he was a
very tall man, and when the catastro-
phe happened he got his foot crushed."

In Yezd houses are built only for pro-
tection against heat. In winter the
citizens "grin and bear it," the mer-
chants close their offices and stay at
home, and only the smaller tradesmen
and artisans go to the bazaars. The
heating arrangement consists of a
wooden stool under which a charcoal
brazier is placed. Over stool and
brazier a heap of rugs and quilts is
placed, and the family tuck their legs
under the wraps, squatting on the floor.

Why They Laughed.

One evening Carlotta Patti sang in a
large town. Just as Ferranti, the
buffo, was leading her out of the door
upon the platform some one in the au-
ditorium behind cried out to him that his
coat had burst at the seam in the back.
It was too late to go back, for the au-
dience had seen him, and the two
singers advanced to the footlights. The
knowledge of this mishap took all the
fun out of Ferranti, and the duet,
which was sung in Italian, was so dole-
fully devoid of its usual humor that
Patti noticed it before they were half
through, and, dropping the text of
the duet, she fitted the following words
to it, in Italian: "What is the matter
with you tonight? I don't understand
four nervousness. Nobody laughs at
you!"

Whereupon Ferranti, in the mellifl-
uous Italian, responded: "By the saints,
I have burst my coat! Everybody will
laugh when I go off the stage if they
don't now!"

At this unexpected interchange of
personal feelings Max Maretzek and
his orchestra began to laugh immed-
ately. Then the people in the front
seats, seeing the orchestra and the
artists laughing, joined in themselves,
and the merriment presently broke out
into applause all over the house.

"Ah," said one of the papers next
morning, "there is always something
majestic in Ferranti's singing of that
song. People burst into sympathetic
laughter without being able to tell
why!"

Do Not Oppose Arbitration.
Stockholm, Sweden, Sept. 14.—Polit-
ical circles disavow any desire on the
part of Swedish government to oppose
the arbitration treaty proposed by Nor-
way but to point out that only the pre-
liminary negotiations in regard to the
form and contents of such a treaty can
be discussed at present as the conclu-
sion of a treaty is impossible until
Norway has accepted Sweden's con-
ditions and the latter has recognized
Norway as an independent sovereign
state. The Swedish intentions, it is de-
clared, are wholly pacific.

IT IS FOR LADIES, TOO.
Ladies who have thin hair and whose
hair is falling out, can prevent the hair
falling out, and thicken the growth, with
Newbro's "Herbicide." Besides, Herbi-
cide is one of the most agreeable hair
preparations there is. Herbiide kills the
scalp-dandruff germ that eats the hair off
at the root. After the germ is destroyed,
the root will shoot up, and the hair grow
long as ever. Even a sample will con-
vince any lady that Newbro's Herbiide
is an indispensable toilet requisite. It
contains no oil or grease. It will not stain
the face. Sold by leading druggists. Send

CHIEF JUSTICE SIMMONS DEAD.

Georgia Supreme Court Loses One of
Its Ablest Members.

Atlanta, Sept. 14.—Chief Justice
Thomas Jefferson Simmons, of the su-
preme court of Georgia, is dead. The
end came peacefully yesterday morn-
ing at 5 o'clock after a long, lingering
illness which had played upon his
vitality until it could no longer with-
stand the ravages.

In the death of Chief Justice Sim-
mons Georgia loses one of her best,
ablest and foremost citizens, one whose
life-work has been for his state. The
history of his life in the civil war,
in constitutional conventions, in leg-
islative halls, at the bar and on the
bench embodies in great measure the
history of his state.

The funeral of Chief Justice Sim-
mons was held in the state supreme
court room Wednesday morning at 10
o'clock. The officers of the court
will act as pallbearers, while the jus-
tices of the court, the judges of su-
perior courts and city courts and many
prominent members of the bar through-
out the state, designated by the su-
preme court, will act as an honorary
escort.

Men Past Sixty in Danger.

More than half of mankind over
sixty years of age suffer from kidney
and bladder disorders, usually enlarge-
ment of prostate gland. This is both
painful and dangerous, and Foley's
Kidney Cure should be taken at the
first sign of danger, as it corrects irreg-
ularities and has cured many old men
of this disease. Mr. Rodney Burnett,
Rock Port, Mo., writes: "I suffered
with enlarged prostate gland and kid-
ney trouble for years, and after taking
two bottles of Foley's Kidney Cure I
feel better than I have for twenty
years, although I am now 81 years
old." J. W. McCollum & Co.

Delaware Farmer Murdered.

Wilmington, Del., Sept. 14.—John W.
Carter, a farmer living at Jackson's
Del., was murdered today. The crime
is supposed to have been committed
by a negro farm hand known only
as "Howard." He had been in Mr.
Carter's employ but one day. Yester-
day Carter and the negro drove to the
town of Chester, Pa., with produce in
separate wagons. This morning the
two teams were found near Carter's
home, and the farmer's body was dis-
covered in his wagon. His skull had
been crushed with a stone, and he had
been robbed. The negro is missing,
and the police are searching for him.

Like Finding Money.

Finding health is like finding money—
so think those who are sick. When
you have a cough, cold, sore throat, or
chest irritation, better act promptly
like W. C. Barber of Sandy Level, Va.
He says: "I had a terrible chest trou-
ble, caused by smoke and coal dust on
my lungs; but, after finding no relief
in other remedies, I was cured by Dr.
King's New Discovery for consump-
tion, coughs and colds." Greatest sale
of any cough or lung medicine in the
world. At all drug stores; 50c and \$1;
guaranteed. Trial bottle free.

White Men Burn Negro.

Jackson, Miss., Sept. 14.—Governor
Vardaman has received a letter from
District Attorney Brewer, of the ele-
venth district, notifying him that a ne-
gro boy, named Will James, living in
the interior of Tallahatchie county,
was taken to the woods by three white
men and shot to death, after which
his body was burned. The negro, it
seems, had bought whisky from one of
the white men and afterwards infor-
med on him. The district attorney asked
the governor to take action in the
case.

Beautiful Women.

Plump cheeks, flushed with the soft
glow of health and a pure complexion,
make all women beautiful. Take a
small dose of Herbiide after each meal;
it will prevent constipation and help
digest what you have eaten. Mrs. Wm.
M. Stroud, Midlothian, Tex., writes,
May 21, 1901: "We have used Herbiide
in our family for eight years, and
found it the best medicine we ever
used for constipation, biliousness and
malarial." Sold by W. M. Johnson.

Will Negotiate With Union.

Chicago, Sept. 14.—Executive offi-
cers of the Freight Handlers' union
held a meeting today to consider re-
plies by the general managers of rail-
roads to demands for a ten per cent
increase in wages. The strike feeling
abated somewhat when the union lead-
ers interpreted the written replies of
a number of general managers to mean
that they were willing to enter into ne-
gotiations with the union. Represent-
atives of the union determined to seek
conferences with several of the larger
roads.

Newark, N. J., Printers Strike.

New York, Sept. 14.—Compositors
in six job printing offices at Newark,
N. J., went out on strike yesterday, ob-
edient to orders from the International
Typographical union to demand an 8-
hour day. Only 40 men were employed.
The bosses met later and declared that
their shops would be thrown open to
nonunionists if the men did not quickly
return to work.

Sprains.

S. A. Read, Cisco, Tex., writes, March
11, 1901: "My wrist was sprained so
badly by a fall that it was useless; and
after using several remedies that failed
to give relief, used Ballard's Snow
Lipiment, and was cured. I earnestly
recommend it to anyone suffering from
sprains." Sold by W. M. Johnson.

SPECIAL MASTER'S SALE.

Under and by virtue of a decree is-
sued out of the Circuit Court of the
Eighth Judicial Circuit of Florida, in
and for Alachua county, on the 19th
day of August, A. D. 1905, in a certain
cause pending therein, wherein George
A. Lathan is complainant and Lou D.
Masters and A. G. Masters, her hus-
band, are defendants, wherein it was
decreed that in default of the pay-
ment of a certain sum of money there-
in mentioned for ten days after the
date of said decree, and wherein I,
W. E. Baker, Special Master in said
cause, was authorized to sell the lands
and tenements in the said decree spe-
cified, therefore, default having been
made in the payment of the said sum
of money for the space of time therein
mentioned, I, W. E. Baker, Special
Master as aforesaid, will offer for sale
and will sell before the court house
door in Gainesville, Alachua county,
Florida, on Monday, the 2nd day of
October, A. D. 1905, the same being
legal sale day, between the legal hours
of sale, to the highest and best bidder
therefor for cash, the following de-
scribed real estate situated, lying and
being in the county of Alachua and
the State of Florida, to-wit:

Those certain lots, tracts, pieces or
parcels of lands, situated, lying and
being in the Town of Waldo, in the
county of Alachua and the State of
Florida, particularly known, distin-
guished and described as follows, to-
wit:

Lots Two (2) and Three (3) in Block
Four (4), Branning's First Addition to
Waldo. W. E. BAKER,
As Special Master in Chancery.

NOTICE—REPRINTING SUPREME COURT
REPORTS.

Bids will be received by the Board of Com-
missioners of State Institutions, at Tallahas-
see, Florida, until September 20th, 1905, for the
reprinting of the following numbered volumes
of the Supreme Court Reports, namely: Vol-
umes 8, 11, 13, 14, 15, 16, 21 and 22.

All bids must be sealed and addressed to the
Board of Commissioners of State Institutions,
Tallahassee, Florida, and marked "Bids for re-
printing Supreme Court Reports."
The contract will be awarded to the lowest
and best bidder. Six hundred unbound copies
of each of said reprinted volumes are to be
supplied under the contract. In reprinting said
volumes the paging of the existing editions of
said volumes shall be retained. The contract
shall contain a clause binding the publisher not
to print any copies of such reprint over and
above the number contracted to be supplied
to the state under penalty of a forfeiture of
the amount to be paid by the state for such
printing. The work must be completed within
four months from the date of contract. A
bond in the sum of Ten Thousand (\$10,000) Dol-
lars for the faithful performance of the con-
tract will be required. All proof to be read in
the Attorney-General's office.

M. A. BROWN,
Acting Secretary Board Commissioners State
Institutions. 7-21-05-604

The time mentioned in the foregoing notice
in which the work must be completed is here-
by extended to 9 months.

M. A. BROWN,

Institutions.

ADMINISTRATRIX' NOTICE TO CREDIT-
ORS, DISTRIBUTEES AND DEBTORS.

Notice is hereby given that all creditors, dis-
tributees and persons holding claims or de-
bts against the estate of J. Jacob Godwin,
deceased, must present the same to the un-
derdesignated for payment within two years from
the first publication of this notice, and a failure
to do so will be plead in bar to any action
to recover on the same. All persons owing
the said estate must pay the same to the un-
derdesignated at once. MINKIE P. GODWIN,
Administratrix of the Estate of J. Jacob God-
win, Deceased.

THOS. J. L. BROWN.

In connection with the Florida State Mid-Winter Fair at Tampa, the name of Thos. J. L. Brown is very closely associated, for it was through the indefatigable efforts of Mr. Brown that the fair at Tampa gained the name of "State Fair," as he was instrumental in getting the measure through the Legislature giving the Tampa fair an appropriation of \$30,000 for the coming two years.

Mr. Brown, who was made president, has labored faithfully to make the exhibition a success, and without one cent of remuneration for his time, and to say that he is deserving of the fairest treatment at the hands of the city of Tampa and her people, is asking but little reward for his labors.

A manager of the Tampa Bay Hotel he met with greater success than any man has for years, taking charge of that magnificent hostelry when it had been undecided for a long time whether it could be made to pay and it had gone begging for some one to undertake the venture. And now that he has done so much for the fair, put the hotel on a paying basis, and brought the city of Tampa before the people as a business center and possessed of the finest and best conducted tourist hotel in Florida, there are some who manifest a desire to deprive him of the hotel and put it in other hands, which, besides being an injustice to Mr. Brown, would work an injury to the fair and put the work of those who are engaged in this work in a bad light before the public.

LIFE INSURANCE.

The recent exposures of corruption in life insurance has set many to thinking and will eventually have a tendency to have these companies so controlled as to save the people from loss. In discussing the insurance investigation The New York Press says:

"The argument that success justifies speculation with life insurance funds is no better than the excuse that Bigelow's flyer in the wheat pit would have been all right if it had not failed. The only difference between the two cases is that Bigelow went to prison for his failure, while if all the life insurance companies should go down in a world-rocking crash nobody could be put in stripes. 'It is the custom,' and the penal code does not prohibit it."

"Even if this argument were morally sound, it does not apply to gambling with life insurance funds, because—"

"Directors take the profits and policy holders take the losses."

"The game the director has fixed up with the policy holder is 'Heads I win, tails you lose.' If judged on the assumption of intent to make money for the policy holders, the Wall street gambling operations are indefensible. Yet even this assumption cannot exist, in view alone of the bulging fortunes amassed by owners of life insurance companies and the prodigious dispensation of salaries to themselves and their friends and relatives."

The Cubans must keep a close watch on the \$22,000,000 they have in the treasury. Palma has thrown up his hand and refuses to run for office again.

Perry postoffice is now located in a handsome new brick building, and patrons are requested to be sparing of their tobacco juice while in the lobby.

A case of yellow fever has been discovered at Marinette, Wis. The victim had just returned from a trip South.

The main building of the Midwinter State Fair at Tampa is rapidly nearing completion.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

The canning factories of Florida need be in no hurry to sell their products. The Northern tomato crop is short and the price is more than doubled.

The good roads proposition is something like the roof of the Arkansas man's house. When it rains he can't fix it, and when it is drouthy it don't need it.

The recent earthquakes in Italy will be the means of increasing our population. Every Italian who saved his organ and monk out of the wreck will come to this country.

There is some fault found because some of the streets are not as clean as they should be, and some of the very ones who are finding fault throw rubbish from their own lots into the street that could be burned up. In some places you would take the streets to be goat pastures from the piles of empty tin cans lying around.

Bryan Not a Candidate.

Chicago, Sept. 14.—"I want to make my position perfectly clear; I want to say to you that not only am I not announcing a candidacy, but I am not permitting a candidacy," in these words William Jennings Bryan administered a check to the enthusiasm which, at the Jefferson Club banquet given in Bryan's honor, greeted the speeches advocating his nomination for the third time for president.

Dutch Troops Capture Palopo.

Amsterdam, Sept. 14.—A dispatch from Batavia, Island of Java, announces that the Dutch troops have captured Palopo, the capital of Prince Loewoe, of the island of Celebes, who has been causing the Dutch trouble. The garrison of Palopo offered a vigorous resistance, and the town was taken only after sharp fighting.

NEWS TERSELY TOLD.

Four fresh cases of cholera have been reported from three places in the Bromberg district in Prussia.

The official bulletin issued today in Berlin announces that 15 new cases of cholera and four deaths occurred between noon yesterday and noon today.

The Norwegian and Swedish delegations appointed to discuss the dissolution of Norway and Sweden have all arrived at Karlstad to resume the negotiations.

A telegram received at the Biblebat company's London office today contained much more favorable news from the Balkan and its neighborhood. On the Biblebat all field everything is quiet and the re-erection of derricks has commenced.

There was no session of the Great Council of Red Men today and the delegates are spending the day at the Hermitage, the historic home of President Andrew Jackson, near Nashville. The next place of meeting will be selected tomorrow morning.

As a result of injuries received in the wreck of the Chicago-New York

Eighteen-Hour train, at Mentor, O., a few weeks ago, Rudolph Cordua, traveling salesman and the only passenger to survive the wreck, in the car, died at his home in Brooklyn yesterday.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

Farmers' National Congress Meets.

Richmond, Va., Sept. 14.—The Farmers' National congress met in its twelfth annual session here Tuesday with a large attendance, representing almost every section of the United States. The body was called to order by its president, Marvie Jordan of Monticello, Ga., and was welcomed to Virginia and Richmond by Governor Montague, Mayor McCarthy and J. C. Freeman, vice president of the Richmond chamber of commerce. Responses to the welcoming addresses were made in behalf of the congress by First Vice President Bennet Cameron of North Carolina, and Second Vice President Joshua Strange, of Marion, Ind.

Death by Fall from Dome.

Columbia, S. C., Sept. 14.—While writing his name with a piece of chalk upon the dome of the state capitol, Warren Scruggs, Jr., the 15-year-old son of Warren Scruggs, of this city, fell from the inside dome to the marble floor 60 feet below, being instantly killed. Young Scruggs had not finished his name, when the metal ceiling upon which he was standing gave way, the chalk making a long mark as he fell. The tragedy was witnessed by two negro employees. Some time ago strict orders were issued forbidding any one from going to the top of the building. An investigation will be made.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which raised the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a running sore one day I went to J. F. Long's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best ointment in the world." Sold by W. H. Harrison.

Speaks to 10,000 Miners.

Reading, Pa., Sept. 14.—Before President Mitchell, of the United Mine Workers, is coming here this evening to speak, 10,000 mine workers in the Mahoning district took a holiday. The miners are working. Mitchell will deliver a speech after a parade to be held at 4 o'clock this evening.

Attacked by a Mob

Attacked in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve and was soon sound and well. "I have it in my family," writes G. J. Nelson of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at all drug stores.

A CAUTIOUS ELEPHANT.

The Sagacity Displayed by the Animal When Near Quicksand.

One elephant which an officer of the Royal artillery lent to assist in extricating some camels which were being engulfed in the quicksands showed an amount of sagacity which was positively marvelous. It was with the utmost difficulty that we could get him to go near enough to attach a drag rope to one camel I wanted to rescue. In spite of our being about fifty yards from the bank of the river, he evinced the greatest anxiety, while his movements were made with extreme caution.

Despite coaxing, persuasive remonstrance and at last a shower of heavy blows dealt upon his head by the exasperated mahout, this elephant stubbornly refused to go where he was wanted, but with his trunk shoved out in front of him kept feeling his way with his ponderous feet, placing them before him slowly, deliberately and methodically, treading all the while with the velvety softness of a cat and taking only one step at a time. Then suddenly he would break out into a suppressed kind of shriek and retreat backward in great haste.

When the animal had nearly completed a circuit of the ground with the same caution and deliberation, he advanced to within ten yards of the poor camel, but not another inch would he move, though several men were walking between him and the camel with out any signs of the ground giving way.—"The Camel," Major A. G. Leonard.

A Daily Mystery.

A man whose income is \$50 a day lunching alone in a fifteen cent restaurant and a clerk whose income is \$50 a month lunching with a young woman in a restaurant where the cash register doesn't ring up anything under \$1. Which is cause and which is effect? Does the fifty-dollar-a-day man lunch thus cheaply that he may be reminded of troubles on earth, or does the fifty-dollar-a-month man dine thus expensively because he wants to forget? Or is the one a fifty-dollar-a-day man because he is careful and the other a fifty-dollar-a-month man because he is a spendthrift?—St. Louis Post-Dispatch.

Sensitiveness of Plants.

Darwin gave it as his opinion that some plants can see, and an Indian botanist relates some curious incidents which tend to verify the belief. Observing one morning that the tendrils of a convolvulus on his veranda had decidedly leaned over toward his leg as he lay in an attitude of repose, he tried a series of experiments with a long pole, placing it in such a position that the leaves would have to turn away from the light in order to reach it. In every case he found that the tendrils set themselves visibly toward the pole and in a few hours had twined themselves closely around it.

Got Off Cheap.

He may well think he has got off cheap who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at all drug stores; guaranteed.

YOUTH IS CONTAGIOUS.

And Young Wives, It Is Calmed, Rejuvenate Old Husbands.

"Strange statistics," said an insurance agent, "are collected in my business."

"I have found that the more times a man marries the younger in comparison with himself he wants his wife to be. For instance, his first wife on the average is four years younger than he. His second is ten. His third is twenty or thirty."

"What do these statistics prove? Do they prove that as a man gains in years and experience he finds that it is best, for many reasons, to be almost as old as his wife's father, or do they only prove that as men approach old age they are more foolish than they were in youth?"

"Old N., aged seventy, with a third wife of twenty-three, said on this head the other day:

"You can't marry a girl too young. The younger she is the longer she'll keep her health and strength and beauty. Furthermore, the older you are the more respect she'll have for you. She'll reverence you and obey you as she would her own father or grandfather."

"Young wives rejuvenate old husbands," the insurance agent ended. "They make these old fellows dress younger, talk younger, act younger and feel younger. Youth is contagious. A young wife is believed to prolong an old husband's life. If a man of seventy insured in my company should marry a girl of twenty, I'd consider him a better risk by 8 per cent than he had been before."—Philadelphia Bulletin.

Animals and Flesh Eating.

Arguing against the eating of meat, an English writer remarks: "Almost any animal can be made to eat flesh. The kangaroo has canine teeth. Horses, oxen and sheep may be taught to eat flesh. Norwegian cows have been known to eat flesh. Goldsmith saw a sheep eat flesh. A caribou sheep is now in London. Spallanzani has shown that a pigeon may be made to live on flesh and an eagle on bread."

Beautiful Comparisons.

The horse shares with woman the gift of the greatest animate physical beauty, and the classification does the lady no discredit. As for man, his partner in pulchritude is away down the line, probably a mule and maybe a burro.—San Francisco Call.

The Last Word.

"Does your wife insist on having the last word?" said the man who asks important questions.

"Certainly not," answered Mr. Meekton. "She doesn't have to insist."—Washington Star.

Be extraordinary in your excellence if you like, but be ordinary in your display of it.—Balthasar Gracian.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Booneboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

Among the prominent visitors to this city yesterday was A. K. Taylor of Jacksonville, the famous cartoonist, who expects soon to engage with Claude L'Engle in the publication of The Weekly Sun, which is promised to be "hot stuff." Mr. Taylor was here in the interest of the paper and made The Sun a fraternal call.

Mrs. C. A. Marks of Starke is in the city on a visit to her parents. Mr. and Mrs. T. B. Ellis. Mrs. Ellis expects to go to Ocala, as her husband, who is a conductor on the Seaboard Air Line, has been transferred from the Starke-Wannee to the Ocala-Tampa run, and will make his home in the Brick City in future. Mrs. Marks was formerly Miss Allie Mae Ellis, and her numerous friends here are delighted to see her again.

As has been stated already in The Sun, the machinery for street building has arrived, and on Wednesday morning was unloaded. The steam roller, which is of ten-ton capacity, and an exact duplicate of the roller used by the United States Government in street building here, was yesterday run over the various streets intersecting the square as an experimental test. The roller worked beautifully, and there is no doubt but that it will perform good work.

Grand Prelate L. C. Lynch of the Knights of Pythias returned yesterday from Waldo, where on Wednesday afternoon and night he attended the district meeting of that order. He states that the meeting was well attended, all lodges in the district being represented. The meeting concluded with a grand spread, in which the brothers of Waldo lodge supplied everything good to eat that could be found on the market. Mr. Lynch was well pleased with the meeting, which he declared was one of the best and most enjoyable of the kind he had ever had the pleasure of attending.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from indigestion; their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. Sold by W. M. Johnson.
